- Will County: 1 male 50s, 1 male 60s, 3 males 70s, 1 female 80s, 2 females 90s
- Winnebago County: 1 female 90s

Approximately 80 cases previously reported in McLean County have been removed from both the statewide and McLean County totals due to false positives. IDPH is currently reviewing this situation.

Currently, IDPH is reporting a total of 1,155,833 cases, including 19,841 deaths, in 102 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have reported 96,525 specimens for a total of 16,918,910. As of last night, 1,954 individuals in Illinois were reported to be in the hospital with COVID-19. Of those, 448 patients were in the ICU and 227 patients with COVID-19 were on ventilators.

The preliminary seven-day statewide positivity for cases as a percent of total test from February 4–10, 2021 is 3.3%. The preliminary seven-day statewide test positivity from February 4–10, 2021 is 3.9%.

A total of 1,929,850 doses of vaccine have been delivered to providers in Illinois, including Chicago. In addition, approximately 456,100 doses total have been allocated to the federal government's Pharmacy Partnership Program for long-term care facilities. This brings the total Illinois doses to 2,385,950. A total of 1,549,108 vaccines have been administered in Illinois as of last midnight, including 226,974 for long-term care facilities. The 7-day rolling average of vaccines administered daily is 56,094 doses. Yesterday, 69,029 doses were administered.

\*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered.
